

INNOVATIVE CAPITAL SOLUTIONS FOR COMMERCIAL REAL ESTATE

OVERVIEW

Pensam is a private, direct real estate lender that provides flexible and rapid capital solutions nationwide, including: first mortgages, whole-loans, mezzanine loans, preferred equity and bridge loans. Pensam is primarily focused on supporting multifamily properties but will opportunistically consider deals in other real estate sectors as well. Capital solutions range from short-term, floating rate to longer-term fixed rate.

The Pensam platform provides capital to borrowers and sponsors seeking capital to implement their business plans, including lease-ups, recapitalizations, construction completion on partially completed projects, basic and complex value-add strategies, transitional repositioning, and stabilizing asset operations. As a lender and preferred equity provider, Pensam provides uniquely tailored terms to address each client's needs, while facilitating efficient and timely closings.
